Dear Dr. Duncan,

Please accept this as the letter of intent to apply for an Open-Enrollment Charter School for Prism Education Center. Prism Education Center is a not-for-profit organization that is nonsectarian in its programs and operations and is exempt from taxation under Section 501(c)3 of the Internal Revenue Code under the name: Prism Education Center. The contact person is Misty Newcomb, 258 Bullard Road, West Fork, AR 72774, (telephone) 479.790.9352, (fax) 479.839.4398

Prism Education Center is committed to assisting families in breaking the generational cycles of poverty through high quality, research-driven, academic public education programs. Prism Education Center is composed of individuals from diverse backgrounds and seeks to implement the corporate expertise of these individuals to develop academic support programs that provides for the educational development of children from all backgrounds. The proposed open enrollment charter school, to be known as Prism Charter School, will serve up to 500 students, grades K-8 and will be located in Fort Smith.

Through an extended school day and year round school schedule, Prism will apply research-based techniques to support students from various backgrounds in attaining educational proficiency. An extended day will allow students to further develop their skills while connecting to their community through participation in service-based learning experiences. Additionally, Prism will seek to partner with community organizations to incorporate coordinated school health activities for students and enable students to engage in confidence building extracurricular opportunities.

Sincerely,

Misty Newcomb
Executive Director

Regarding: Letter of Intent to Apply for an Open-Enrollment Public School Charter

To whom it may concern:

I am writing to express KNOVA Learning's intent to apply for a charter to open a public school in Pine Bluff, Arkansas in the fall of 2011. KNOVA Learning ("KNOVA") is a non-profit organization that prepares students from underserved communities for competitive colleges and advanced careers by opening public charter schools that accelerate their academic learning and holistic development.

The KNOVA Learning Academy of Pine Bluff will be a public charter school that provides an exemplary liberal arts education to students from underserved areas of Pine Bluff. *The Academy's mission will be to prepare all students for competitive colleges, advanced careers and a life of citizenry and leadership in their communities.* To fulfill its mission, the Academy will enable students to:

- Develop a strong foundation of knowledge and skills;
- Become inquisitive, self-motivated learners;
- Build higher-order critical thinking, communication and leadership aptitudes; and
- Prepare for competitive colleges, advanced careers and a life of civic engagement.

The Academy will open its doors to 240 students in primary grades K-5 in September 2011. Prior to opening, the Academy would be incorporated as a 501(c)(3) non-profit organization within the state of Arkansas as necessary to meet all applicable legal requirements. Over its first few years of operation, the Academy will expand one-grade-level-per-year so that it can prepare its first class of graduates to finish 8th grade ready to succeed in competitive colleges and advanced careers. Until a permanent address is established in Arkansas, please direct all communications to me at the temporary address and contact information listed below.

With best regards,

Benjamin J. Lindquist

504-460-8830 or 504-373-6215 (Phone) 504-240-3257 (Fax)

Description of eligible entity: The Miller McCoy Network proposes to open a public all male charter school serving 400 students in grades 5-12. Miller McCoy Network is a legally recognized 501 (c) (3) organization. Miller McCoy Network is a network of grades 5-12 learning communities designed to be the solution to what we consider to be America's greatest challenge: educating male students and ending the cycle of poverty, underemployment, and incarceration.

Location of Proposed School: Forrest City, Arkansas

Name of Proposed School: Miller McCoy Academy of Mathematics and Business

Miller McCoy Academy of Mathematics and Business is a proven model and should be replicated to serve more males across the nation. Black male students in particular have the highest dropout rate of all sub groups identified under the No child Left Behind legislation. The mission of the Miller-McCoy Network is to prepare urban males for college and life beyond.

The mission is a direct result of the educational philosophy of the network leadership team and key stakeholders. The mission is and will continue to be the guiding principal for the choice of the education programming and instructional methodology.

Recently, school has become a place of isolation for many boys not able to succeed socially and academically. School has become a place where academics are preached, but male students are not adequately supported in the learning process. Our personal answer to this educational challenge is the replication of Miller McCoy Academies across the nation. We will cultivate in our young men the character, skills, and knowledge required to succeed in the world as responsible and courageous citizens

RE: Letter of intent for a Proposed Open Enrollment Charter School - Paragon Collegiate Preparatory Academy

Dear Dr. Brown,

In accordance with the requirements set forth by the Arkansas State Board of Education, please accept this as The Throne Room, Inc.'s letter of intent to submit an application to establish Paragon Collegiate Preparatory Academy, an open enrollment Public Charter School, in the Blevins School System beginning in the **2011-2012** school year.

The Throne Room, Inc. was incorporated in 2009 as a not-for-profit youth center and outreach ministry to meet the spiritual, physical, mentoring, and tutoring needs of local at-risk youth. Currently, its 501(c)3 application is in process.

Our purpose in seeking to establish Paragon Collegiate Preparatory Academy is to meet the non-religious academic needs of underserved college-bound **twice exceptional** students; those identified as gifted and talented, but have compromised academic success, due to a learning disability, sometimes accompanied by life skills deficits. This goal will be achieved by mandating a safe, nurturing, creative, media rich, out-of-the-box, and personalized approach to learning in a small group, departmentalized and interest driven setting.

The school's proposed location is Emmet, Arkansas, preferably in the former facilities of the Emmet Public Schools. Paragon Collegiate Preparatory Academy will serve grades 5 through 8, increasing to grade 12 within five years. The proposed student body will be populated through open enrollment and not exceed 150 students.

Please contact Angilynn Taylor by mail at 1020 West 6th Hope, Arkansas, 71801, phone (870) 826-1616, fax (870) 777-2173, or email at Angilynn.Taylor.JD@sbcglobal.net as needed. We look forward to working with you towards the completion of our application.

Sincerely,

Angilynn Taylor, Esq.

Dear Dr. Duncan,

Please accept this **Letter of Intent to Apply for an Open-Enrollment Public School Charter** from New Education for the Workplace, Inc. (NEWCorp) on behalf of the: **Arkansas School for Integrated Academics and Technologies Little Rock, Inc. (SIATech Little Rock)** for the 2011-12 school year (non profit status pending). NEWCorp is a 501(c) 3 nonprofit corporation, incorporated on January 8, 2001, which promotes the education of underserved students through academic partnership programs and a variety of professional development services. Overall, NEWCorp currently manages all seven SIATech Charter High School programs operating in Arizona, New Mexico and Florida. The 9-12 high school will serve up to 275 students and will be located at the Little Rock Job Corps Center (LRJCC) at 6900 Scott Hamilton Drive, Little Rock, AR 72209.

The **Mission** of SIATech Little Rock, **Real Learning for Real Life®**, embodies the intent to break the cycle of poverty and underachievement for youth. In partnership with the LRJCC, the school will target a dropout recovery population: Out-of-School Youth who have not earned a high school diploma but will also be open to all individuals that can benefit from its program. SIATech Little Rock will provide these At-Promise students the opportunity to earn an Arkansas high school diploma, pursuing a course of study which embodies and embraces Arkansas' rigorous standards. This opportunity will enhance each student's ability to access and succeed in institutions of higher education, vocational-technical careers and/or military service and promote their opportunities to learn the skills needed to negotiate the complexities of life and to achieve success in the 21st century workplace.

Additional information about SIATech Schools can be found at <http://www.siatech.org> or by contacting: **Kristin Mallory, Chief Instructional Officer, NEWCorp, Inc. / SIATech, Inc.**
