The Arkansas Higher Education Coordinating Board will consider adoption of rules and regulations for the Academic Challenge Scholarship at its quarterly meeting on April 30, 2010. A final vote on the proposed rules and regulations will take place at this meeting. The creation of the rules and regulations are necessary to implement Acts 265 and 294 of the 2010 Fiscal Session. The rules and regulations for the Academic Challenge Scholarship will allow the Arkansas Department of Higher Education to comply with Acts 265 and 294 of the 2010 Fiscal Session, beginning in the fall 2010 college semester. Interested persons may present their views at a public hearing to be held during the meeting of the Arkansas Higher Education Coordinating Board. The public hearing will be held in the Clinton Presidential Center on the campus of University of Arkansas Clinton School of Public Service, located in Little Rock, beginning at 10:00 a.m. on April 30, 2010. In addition, the Arkansas Higher Education Coordinating Board will accept written comment from the date of this notice until 10:00 a.m. on April 30, 2010. Written notices may be in the form of facsimile, e-mail or regular mail. Additional information and copies of the proposed rules may be obtained from the Arkansas Department of Higher Education, 114 East Capitol, Little Rock, AR 72201, (501) 371-2000, (501) 371-2001-fax, [fnaid@adhe.edu](mailto:fnaid@adhe.edu). ## COMMENTS TO PROPOSED RULES

FROM: Various Members of the Arkansas Lottery Commission Legislative Oversight Committee

TO: Department of Higher Education; Arkansas Higher Education Coordinating Board

DATE: October 29, 2009

SUBJECT: Proposed Arkansas Academic Scholarship Program Part I and Part II Rules

---

The following comments made by various members of the Arkansas Lottery Commission Legislative Oversight Committee are submitted for public comment:

1. See the attached chart containing comments to the Proposed Arkansas Academic Scholarship Program Part I (Nontraditional) Rules and Regulations.
2. The criteria for determining eligibility on the basis of financial need in the prioritization process for nontraditional students should be removed as the legislature intentionally did not make financial need a consideration for scholarship eligibility.
3. "Incarceration" should be defined in the rules, with respect to incarceration making a student ineligible for the scholarship.
4. How the Department of Higher Education will determine and enforce the disqualifiers for eligibility such as incarceration and the drug-free pledge should be set out in the rules.
5. The students who are currently in college should be taken out of the "earn-in" category in the rules for nontraditional students and a new category of "current achievers" created, at least until the "current achievers" complete their degrees.

A.C.A. § 6-85-215:

(a)(1)(A) A student receiving any state-supported student financial assistance for which an institution of higher education is required to provide information under this section shall complete and sign a consent form authorizing the release of the student's individual personal information to the Bureau of Legislative Research and authorizing:

(i) The institution of higher education to provide the bureau with academic progress information for the scholarship recipient; and

(ii) The department to release the student's individual personal information to the bureau.

(B) If a student is less than eighteen (18) years of age, the student's parent or guardian shall complete and sign the consent form.

(2)(A) The student may opt out of the release of information. A decision to opt out applies only to the release of information under this section and does not apply to information released under any other section of this subchapter or under any other law.

(B) In order to provide better statistical data, each institution shall report the number of students who opt out.

Pages 7-8

The ADHE will request that a student, or the recipient's parent or guardian(s) if the recipient is less than 18 years of age, receiving state-supported student financial assistance complete and sign a consent form opting-in or opting-out of authorizing the release of the student's individual information to the Bureau of Legislative Research. If a recipient or recipient's parent or guardian fails to complete the consent form, that recipient will be opted-out of releasing information to the Bureau of Legislative Research. Opting-out of the release of information to the Bureau of Legislative Research will not affect a student's eligibility for financial aid.

The law requires -- using "shall" -- the student to sign the consent form authorizing the release of information, but gives the student an opportunity to opt out.

The rule says the department will request the student to sign the form opting in or opting out and noncompliance only results in a default opt-out.

This is contrary to the law and contrary to legislative intent.

Once a student consents to the release of data, and in this case it will be de-identified data that the Bureau receives, then there is no FERPA violation.

Suggested revision: ~~The ADHE will request that a student, or the recipient's parent or guardian(s) if the recipient is less than 18 years of age, receiving state-supported student financial assistance shall complete and sign a consent form opting-in or opting-out of authorizing the release of the student's individual information to the Bureau of Legislative Research. If a recipient or recipient's parent or guardian fails to complete the consent form, that recipient will be opted-out of releasing information to the Bureau of Legislative Research. Opting-out of the release of information to the Bureau of Legislative Research will not affect a student's eligibility for financial aid.~~

# Nontraditional Prioritization Process

## Academic Challenge Scholarship

### Nontraditional Awarding and Prioritization

Award Notification and Prioritization of Awards:

The approved allocation for the nontraditional student category under the Academic Challenge Scholarship Program Part 2 shall be divided equally between the approved 2-year and 4-year institutions of higher education. The funds allocated for the approved 2-year and 4-year institutions of higher education will then be divided equally among two (2) categories of students:

1. Delayed Student – An eligible applicant who did not enroll in college within one year of high school graduation AND has no prior college credit, other than concurrent credit that was earned in high school or credit earned via prior learning assessment or corporate or military credit.
2. Earn-In Student – An eligible applicant who has attended or is currently enrolled in a postsecondary institution AND does not currently receive the Academic Challenge Scholarship Program Part 1 and who is not awarded as a traditional or current achiever student under Academic Challenge Scholarship Part 2.

Scholarships for applicants attending a 2-year college will be prioritized within each of the two (2) categories in the following manner:

Delayed Students:

Prioritization of awards is based on ACT or ACT equivalent score, first awarding those who do not need any remediation based on the state’s designated minimum scores on the ACT or ACT equivalent in Math, English Composition and Reading. After all students who do not require any remediation are awarded, if funds are still available, then students who need remediation will be awarded.

Earn-In Students:

The department’s selection criteria will consist of value points assigned to achievement measures and other criteria including: level of progress towards completion of a qualified certificate, nursing diploma or associate degree; enrollment in or intent to enroll (by declaring a major) in a program of study in an area of critical workforce need as determined by the department or is in a science, technology, engineering, or mathematics field; and postsecondary grade point average. Value points assigned to each selection criterion are weighted as follows:

Highest level of progress toward completion of a qualified certificate, nursing diploma, or associate degree -----70%

Postsecondary grade point average (based on a 4.0 grading scale)-----20%

Enrollment in or intent to enroll (by declaring a major) in a program of study in an area of critical workforce need as determined by the department or is in a science, technology, engineering, or mathematics field. -----10%

Scholarships for applicants attending a 4-year university will be prioritized within each of the two (2) categories in the following manner:

Delayed Students:

Prioritization of awards is based on ACT or ACT equivalent score, first awarding those who do not need any remediation based on the state’s designated minimum scores on the ACT or ACT equivalent in Math, English Composition and Reading. After all students who do not require any remediation are awarded, if funds are still available, then students who need remediation will be awarded.

Earn-In Students:

The department’s selection criteria will consist of value points assigned to achievement measures and other criteria including: level of progress towards completion of a qualified certificate, nursing diploma, associate degree or a baccalaureate degree; enrollment in or intent to enroll (by declaring a major) in a program of study in an area of critical workforce need as determined by the department or is in a science, technology, engineering, or mathematics field; and postsecondary grade point average. Value points assigned to each selection criterion are weighted as follows:

Highest level of progress toward completion of a qualified certificate, nursing diploma, or associate degree -----70%

Postsecondary grade point average (based on a 4.0 grading scale)-----20%

Enrollment in or intent to enroll (by declaring a major) in a program of study in an area of critical workforce need as determined by the department or is in a science, technology, engineering, or mathematics field. -----10%

In the event that funds are not fully expended in any of the two (2) categories of nontraditional students, the Arkansas Department of Higher Education reserves the authority to redirect funds to another category at its discretion.

**Proposed Academic Challenge  
Scholarship Rules**

**Published on October 1, 2009**

**RULES**  
**ARKANSAS ACADEMIC CHALLENGE SCHOLARSHIP**

---

Due to the passage of a Constitutional Amendment authorizing a statewide lottery for the purpose of funding scholarships, Acts 606 and 1405 of 2009 were passed enabling a statewide lottery for that purpose. According to the legislation, lottery proceeds will be used to help fund the Arkansas Academic Challenge Scholarship. Due to this provision of the legislation, it became necessary to amend the rules governing administration of the Academic Challenge Scholarship to reflect the legislation's intent.

The Arkansas Academic Challenge Scholarship Program has been expanded to provide opportunities for higher education to previously un-served Arkansans (traditional & non-traditional students). The goal is to provide meaningful financial help to those qualifying. The scholarship will be available to all Arkansans regardless of race, gender, family income or course of study as long as the applicant meets the eligibility requirements. Academic Challenge currently serves approximately 8,000 students. The expanded program is projected to serve over 28,000 students. The program works to promote academic rigor and excellence. The scholarship program is based on merit, one that reflects a commitment to academic achievement and degree attainment.

The revised Academic Challenge Scholarship Program Rules will have three categories: 1) Academic Challenge Scholarship Part 1; 2) Academic Challenge Scholarship Part 2 – Traditional; and 3) Academic Challenge Scholarship Part 2 – Non-Traditional. The revised rules include the eligibility criteria for each of the categories. The annual award amount will be determined by the amount of net lottery proceeds available and will be announced in February of 2010 for the 2010-2011 academic year.

In compliance with the Administrative Procedures Act of 1979, a public hearing was announced in a newspaper of general circulation to discuss the rules and regulations that will govern the Arkansas Academic Challenge Scholarship Program. The hearing will be held on October 30, 2009, in conjunction with a meeting of the Arkansas Higher Education Coordinating Board.

The following resolution is offered for the Board's consideration:

**RESOLVED**, That the Arkansas Higher Education Coordinating Board adopts the rules and regulations presented in this agenda item for the Arkansas Academic Challenge Scholarship Program, to be administered jointly by the Arkansas Department of Higher Education and approved Arkansas institutions of Higher Education.

**FURTHER RESOLVED**, That by the adoption of the rules and regulations presented in this agenda item, the Director of the Arkansas Department of Higher Education or his designee is authorized to promulgate these rules and regulations and to implement them for the 2010-2011 academic year.

**FURTHER RESOLVED**, That the Director of the Arkansas Department of Higher Education or his designee is authorized to make technical changes and corrections when necessary in the program rules for the Arkansas Academic Challenge Scholarship Program.

#### RULE 2 – SCHOLARSHIP ELIGIBILITY CRITERIA

---

- I. Eligibility Criteria

An applicant must meet the following requirements to be eligible to receive the Arkansas Academic Challenge Scholarship:

- A. The applicant must be a citizen of the United States or a permanent resident alien.
- B. The applicant shall have been a resident of the State of Arkansas for at least (12) months prior to graduation from an Arkansas high school, and the recipient's parent(s) or guardian(s) shall have maintained Arkansas residency for the same period of time.
- C. The applicant shall have graduated from an Arkansas high school on or after March 5, 1991 **and before December 31, 2009.**

- D. The applicant must be accepted for admission and enrolled as a full-time, first-time freshman at an approved institution of higher education, as defined by the Department of Higher Education, within twelve (12) months of graduation from high school. ~~Applicants who graduated from high school after December 31, 2001, and before December 31, 2002 must enroll within eighteen (18) months of graduation from high school.~~
- E. The applicant must be enrolled full-time twelve (12) semester hours or the equivalent for the first semester and fifteen (15) semester hours or the equivalent every semester thereafter.
- F. The applicant must be enrolled in a program of study, which leads to or is creditable towards a baccalaureate degree. These programs include baccalaureate degree programs, associate degree programs, and nursing school diplomas, which require concurrent college enrollment.
- G. Applicants must certify that they are drug-free and must pledge in writing on the application form to refrain from the use or abuse of illegal substances. This includes alcohol for applicants under twenty-one years of age.
- H. Any male applicant under twenty-six years of age must file a Statement of Selective Service Status with the postsecondary education institution at which he is enrolled certifying that he has complied with the terms of the Military Selective Service Act before funds can be disbursed.
- I. - J. A recipient of a Governor's Distinguished Scholarship is prohibited from receiving an Academic Challenge Scholarship.
- K. Applicants must achieve the following grade point average in the pre-collegiate core curriculum: 3.0 on a 4.0 scale if enrolling at an approved four-year institution or a grade point average of 2.75 on a 4.0 scale if enrolling at an approved two-year institution. These grade point averages may be revised to no lower than a 2.5 grade point average on a 4.0 scale if it is determined by the department, based on the most recent evaluation of the program's operation that the grade point requirement would unduly reduce the number of low-income or disadvantaged students who would otherwise be eligible for the program. At the Department's discretion, an exception may be made to

institutions with a high percentage of students receiving full Pell grants, upon written petition to the department by the institution. The applicant who graduated from high school prior to December 31, 2001, must have achieved a grade point average (GPA) of 2.50 on 4.0 scale in the pre-collegiate core curriculum established by the State Board of Education and the Arkansas Higher Education Coordinating Board pursuant to A.C.A. 6-61-217 as listed below.

- **English** - Four units with emphasis on writing skill (not to include courses in oral communication)
- **Natural Science** - Two units, with laboratories, as follows: one unit of Biology AND one unit of Chemistry OR Physics (Applied Biology/Chemistry [two-year program] may be substituted for Biology. Principles of Technology I and II [two-year program] may be substituted for Physics). High School graduates in 2002 and beyond will be required to have an additional unit of science. The third unit may be any natural science, including Physical Science, with a lab.
- **Mathematics** - Three units: Algebra I, Algebra II and Geometry (Applied Math I and II [two-year program] may be substituted for Algebra I if the student who completes Applied Math I and II also completes Algebra II and Geometry [or more rigorous math courses such as calculus or trigonometry] with grades of C or better). Applicants graduating in the year 2002 and beyond will be required to have a fourth unit of Mathematics beyond Algebra II.
- **Social Studies** - Three units, including one of American History, one of World History, and at least one-half unit of Civics or American Government.
- **Foreign Language** – Two successive units in one foreign language.

A *unit* is defined as the credit received for completion of one (1) year of a course in high school. One semester is equal to one-half (1/2) unit.

OR

A *unit* is defined as the credit received for completion of one three credit-hour semester course in college as a high school student or as a student applicant seeking to meet the core requirements provided for in the grace period specified in Rule 2, Section I, Paragraph M.

The Department shall have the authority to exercise professional judgment in the determination of course substitutions when special circumstances exist that prevents the student from meeting stated course requirements but evidence exists that shows the student meets the academic intent of the program.

- L. Applicants who do not meet the requirements of both paragraphs I and K with respect to the minimum ACT score (or its equivalent), or the minimum GPA in high school core courses, shall qualify if they meet the combined test score and GPA requirements set out in the selection index below:

<b>ACT SCORE</b>	<b>CORE CURRICULUM GPA</b>
25-36	2.50 and above, if attending a 4-year institution, 2.25 and above, if attending a 2-year institution
20-24	2.75 and above, if attending a 4-year institution, 2.50 and above, if attending a 2-year institution

15-18	3.25 and above, if attending a 4-year institution, 3.00 and above, if attending a 2-year institution

Applicants with ACT scores below 15 will not be eligible; applicants with GPAs below 2.25 will not be eligible.

~~Applicants who graduated from high school after December 31, 2001, and before December 31, 2002, must have achieved a minimum cumulative grade point average of 2.0 in college to be eligible for a deferred award, unless they were unable to attend college in the academic year following high school graduation.~~

- M. Applicants who have met the requirements as listed in Section I., Paragraphs A through I, but have not completed the precollegiate core curriculum defined in Paragraph K by the end of their senior year of high school shall have a grace period of twelve (12) months from graduation to make up any course deficiencies required for program eligibility, (as defined in Section I, Paragraph K) due to the unavailability of the courses in the applicant's high school. However, students will not be fully eligible for an award until all academic deficiencies are met.
- N. For applicants graduating from high school after December 31, 2006, applicants must demonstrate financial need as defined below:

plus an additional \$5,000 of AGI per year for each additional child under the age of 24 at the time of application to the program.

2. Any applicant whose family includes more than one (1) unemancipated child under the age of 24 enrolled full-time at an approved institution of higher education shall be entitled to an additional ten thousand dollars (\$10,000) of adjusted gross income when the Department of Higher Education calculates the financial need. The dependent(s) must be enrolled during the same year for which the applicant is seeking award.
3. Any student who claims to be emancipated or independent must be eligible to receive Federal financial aid as an independent student as defined by Federal regulations.
4. The Department of Higher Education may increase the income requirements using the Federal Consumer Price Index, if sufficient funds become available.
5. The Department of Higher Education may exercise professional judgement in determining family income levels when special circumstances exist that can be documented.

II. Continued Eligibility

Subject to the availability of funds, recipients must maintain a 2.75 cumulative grade point average on a 4.0 scale and complete twelve (12) semester hours or the equivalent for the first semester and fifteen (15) semester hours or the equivalent every semester thereafter in order to have their scholarship renewed.

Students seeking baccalaureate degrees may renew their scholarship for up to three additional academic years for a total of four years. Students seeking associate degrees may renew their scholarship for one additional academic year for a total of two years. No student may use these funds beyond the baccalaureate degree.

III. Literacy Tutoring

As an additional component to the Arkansas Academic Challenge Scholarship:

- (1) Each applicant for the scholarship shall agree that for each year the scholarship is awarded he or she may volunteer to serve as a literacy tutor for a minimum of twenty (20) clock hours each semester in a public school or a faith based educational institution serving students in prekindergarten through grade six (preK-6);
- (2) A recipient who agrees to volunteer as a literacy tutor:

At the discretion of the Department of Higher Education, the award will not be revoked if it is determined by ADHE that extraordinary circumstances prevented the student from notifying ADHE by the required dates.

In addition, they will be placed in deferred status until six months after release from active duty, at which time they must be re-enrolled in an approved institution.

G. Repayment of Scholarships and Loans

overpayment of financial aid funds for noninstitutional expenses. Overpayment is the difference between the amount received as cash disbursements and the amount incurred for non-institutional costs during the portion of the payment period that the student was actually enrolled. It is the institution's responsibility to contact students and recover overpayments.

## 2. Terms of Loan Repayment

Recipients, who received a loan under 6-82-1009, shall begin teaching full-time in an approved subject or geographic shortage area in an Arkansas public school beginning in the first school year in which the recipient is eligible for employment as a licensed teacher. A verification of the loan recipient's employment will be conducted once a year, in June, through the school superintendent's office in the recipient's employment district.

Loan recipients who do not teach full-time in a approved shortage area in an Arkansas public school following certification, or who discontinue their studies prior to completing their program of study shall, within a maximum of five (5) years, repay the full remaining loan balance, plus accrued interest according to an interest and repayment schedule.

The repayment schedule will be 20 percent of the total loan, plus interest, paid in twelve monthly installments for each year of service not completed. Repayment will be completed within a maximum of five years from the completion of a college degree or withdrawal from college, whichever comes first.

## 3. Interest on Loan

Interest will accrue from the beginning of the repayment period and will be at an annual percentage rate not to exceed ten percent (10%) on the unpaid balance, except that no interest will accrue during any deferment period. Interest will be calculated as a simple, per annum interest charge on the outstanding principal.

Interest will not accrue and installments need not be paid when an official deferment has been approved by the Arkansas Department of Higher Education. Any recipient who wishes a deferment must submit an application for deferment to ADHE for approval.

## 4. Deferment of Loan

At the discretion of ADHE, scheduled loan repayments may be deferred if it is determined by ADHE that extraordinary circumstances prevent the recipient from making such repayments. Deferments may be granted for the following conditions:

The recipient is engaged in a full-time course of undergraduate or graduate study at an institution of higher education. This must be verified by the Registrar's Office.

- a) The recipient is seeking and unable to find employment as a public school teacher in an approved shortage field for a single period not to exceed twelve (12) months. The loan recipient must submit a list of schools contacted for employment. ADHE will verify this information with the superintendent's office in that school district.
- b) The recipient is temporarily totally disabled, for a period not to exceed three years, as established by sworn affidavit from a licensed physician. ADHE reserves the right to require a second opinion by an ADHE approved physician.
- c) The recipient is unable to secure employment for a period not to exceed twelve (12) months by reason of the care of a spouse who is disabled, as established by the signature of a licensed physician. ADHE reserves the right to require a second opinion by an ADHE approved physician.
- d) Other extraordinary circumstances which would prevent the recipient from repaying the debt within the contractual obligations of the note may be considered.

To qualify for any of the deferments, recipients must notify ADHE of their claim to the deferment and provide supporting documentation on a Request for Deferment, which will be supplied by ADHE upon request. The Request for deferment must be completed and returned to ADHE by the recipient. The recipient will be notified within ten (10) days of approval or disapproval of any application for a deferment.

## 5. Cancellation of Loan

ADHE will cancel a recipient's repayment obligations if it determines:

- a) On the basis of a sworn affidavit of a licensed physician that the recipient is unable to teach on a full-time basis because of impairment that is expected to continue indefinitely or result in death. ADHE reserves the right to require a second opinion by an ADHE approved physician; or
- b) On the basis of a death certificate or other evidence of death, that is conclusive under state law that the recipient has died.

6. Prepayment of Loan

There shall be no penalty for prepayment or repayment of all or any portion of the principal.

7. Failure to Repay

Loan recipients who fail to meet their repayment obligations may have added to their total obligation any costs for collection of the debt and shall have their teaching certification in Arkansas revoked.

H. Refunds

The Arkansas Academic Challenge Scholarship Program is entitled to a refund of the scholarship or loan amount, for that semester, if the recipient of a scholarship or loan withdraws, drops out, or is expelled on or after his or her first day of class of the payment period and the situation falls under the refund policy of the institution. The institution shall pay the refund to the Arkansas Department of Higher Education.

I. Overpayment

If the award of an Arkansas Academic Challenge Scholarship results in an overpayment to the student according to the state law governing the anti-stacking of scholarships, the institution shall follow the ADHE policy in reducing the student's financial package to prevent the student from receiving funds above the federally recognized cost of attendance.

The student will be notified by mail that their account is being placed with a vendor for collections and they will be sent a loan amortization schedule along with the letter. #### II. Submission of Application and Application Deadline

The application deadline shall be June 1 of the calendar year in which a student graduates from high school. At its discretion, the ADHE may extend the deadline, provided sufficient notice is provided to the public. The applicant is responsible for submitting the application and all supporting documentation in a timely manner.

#### III. Amount of Scholarship

The amount of the annual scholarship awarded to each recipient will depend upon the amount of net lottery proceeds available and as determined by the General Assembly.

#### IV. Award Notification and Prioritization of Awards

During times of funding shortages under the Academic Challenge Scholarship Program, the Department of Higher Education shall give priority to a recipient who has continuing eligibility superior to first-time applicants. If the funding is still insufficient, the department shall award scholarships after considering applicants:

The award notice also explains the Arkansas Department of Higher Education's disbursement procedures and conditions of the Academic Challenge Scholarship.

The ADHE will request that a student, or the recipient's parent or guardian(s) if the recipient is less than 18 years of age, receiving state-supported student financial assistance complete and sign a consent form opting-in or opting-out of authorizing the release of the student's individual information to the Bureau of Legislative Research. If a recipient or recipient's parent or guardian fails to complete the consent form, that recipient will be opted-out of releasing information to the Bureau of Legislative Research. The information consented to be released by the student shall include:

1. A unique identifier;
2. Status for the Federal Pell Grant;
3. Postsecondary grade point average;
4. Number of semester hours attempted;

This information will be used to guide the Arkansas General Assembly's evaluation of the need for adjustments to scholarship programs and funding levels.

#### V. Ineligible Notification

The Arkansas Department of Higher Education shall notify applicants who are determined to be ineligible and provide the reason for

ineligibility. They will also be given instructions on how to correct any information on the application they believe to be incorrect.

After verification of full-time enrollment, the institution will disburse the scholarship to the student according to the institution's disbursement procedures. In no instance may the entire amount of the scholarship disbursement for an educational year be paid to or on behalf of such student in advance.

**B. Transfer of Scholarships to Another Approved Institution**

A recipient who has received an Academic Challenge Scholarship may transfer the scholarship to another approved Arkansas institution of higher education, provided that:

2. The student submits a transcript to ADHE, which certifies that the student has maintained both a 2.5 GPA, and full-time status at the institution the student is leaving.

In the absence of extraordinary circumstances, the award will be revoked if the recipient fails to enroll full-time in an eligible institution in Arkansas, and the Arkansas Department of Higher Education receives neither written notification of transfer of the scholarship to another eligible institution, nor a petition for withdrawal by the recipient by October 1 for the fall term and February 1 for the winter and/or spring terms. At the discretion of the Department of Higher Education, the award will not be revoked if it is determined by ADHE that extraordinary circumstances prevented the student from notifying ADHE by the required dates.

1. Earns a baccalaureate degree;
2. (A) Attempts a total of one hundred thirty (130) semester hours in eight (8) semesters at any approved institution as an undergraduate full-time student.

Failure to provide notification may result in the cancellation of the scholarship for that term.

F. Military Service

Recipients who are members of the Arkansas National Guard or Armed Forces Reserve units who are called to active duty for reasons other than regular unit training and are unable to complete the current term will be allowed to repeat the missed term without loss of scholarship credit. In addition, they will be placed in deferred status until six months after release from active duty, at which time they must be re-enrolled in an approved institution.

G. Repayment of Scholarships

If the recipient of a scholarship withdraws, drops out, or is expelled on or after the first day of class of a payment period, the institution will determine whether the student received an overpayment of financial aid funds for noninstitutional expenses. Overpayment is the difference between the amount received as cash disbursements and the amount incurred for non-institutional costs during the portion of the payment period that the student was actually enrolled. It is the institution's responsibility to contact students and recover overpayments.

#### H. Refunds

The Arkansas Academic Challenge Scholarship Program is entitled to a refund of the scholarship or loan amount, for that semester, if the recipient of a scholarship or loan withdraws, drops out, or is expelled on or after his or her first day of class of the payment period and the situation falls under the refund policy of the institution. The institution shall pay the refund to the Arkansas Department of Higher Education.

#### I. Overpayment

If the award of an Arkansas Academic Challenge Scholarship results in an overpayment to the student according to the state law governing the anti-stacking of scholarships, the institution shall follow the ADHE policy in reducing the student's financial package to prevent the student from receiving funds above the federally recognized cost of attendance.

## VII. Literacy Tutoring

As an additional component to the Arkansas Academic Challenge Scholarship:

(1) Each applicant for the scholarship shall agree that for each year the scholarship is awarded he or she may volunteer to serve as a literacy tutor for a minimum of twenty (20) clock hours each semester in a public school or a faith based educational institution serving students in prekindergarten through grade six (preK-6);

(2) A recipient who agrees to volunteer as a literacy tutor:

(A) Shall complete the prerequisite training in literacy and college readiness skills provided under this section before he or she begins tutoring; and

(B) May receive college credit for the tutoring as determined by the institution of higher education where the recipient is enrolled; and

(3) An enrolled college student who participates in the tutorial program and fails to meet the academic eligibility requirement under this subchapter for the fall or spring semester shall be given the probationary opportunity during the subsequent spring

A recipient who agrees to volunteer as a literacy tutor under this section shall receive the prerequisite training in literacy and college readiness from an approved institution of higher education based on training modules developed by the Department of Education.

### RULE 3 – APPLICATION PROCESS

---

#### I. Application

Students must submit an on-line application, available at the ADHE website.

#### II. Submission of Application and Application Deadline

The application deadline shall be June 1 for the Fall term and November 1 for the Spring term of the calendar year in which a student graduates from high school. At its discretion, the ADHE may extend the deadline, provided sufficient notice is provided to the public. The applicant is responsible for submitting the application and all supporting documentation in a timely manner.

#### III. Amount of Scholarship

The amount of the annual scholarship awarded to each recipient will depend upon the amount of net lottery proceeds available and as determined by the General Assembly.

#### IV. Award Notification and Prioritization of Awards

The approved allocation for the non-traditional category under the Academic Challenge Scholarship Program Part 2 will be divided equally between the approved 2-year and 4-year institutions of higher education. The funds allocated for the approved 2-year and 4-year institutions of higher education will be divided equally among three (3) categories of students:

1. Delayed Student – An eligible applicant who did not enroll in college within one year of high school graduation AND has no prior college credit, other than concurrent credit that was earned in high school

or credit earned via prior leaning assessment or corporate or military credit

2. Returning Student – An eligible applicant who has attended a postsecondary institution, but has not been enrolled at a postsecondary institution in at least 1 year.
3. Earn-In Student – An eligible applicant who is currently enrolled in a postsecondary institution and does not currently receive the Academic Challenge Scholarship.

Scholarships for applicants attending a 2-year college will be prioritized within each of the three (3) categories in the following manner:

Delayed Students:

First priority will be given to those applicants that are not required to complete remediation courses. If further prioritization is required, applicants will be ranked based on the ACT score or the equivalent score on an ACT equivalent.

Returning Students:

First priority will be given to those applicants that are nearest to completion of he or she's degree/qualified certificate program of study. Second priority will be given to those applicants that have completed or are not required to complete remediation courses. Third priority will be given to those applicants who are enrolled/admitted to a degree/qualified certificate program of study that has been identified as a workforce critical-needs program. If further prioritization is required, applicants will be ranked based on the applicant's college cumulative grade point average (GPA).

Earn-In Students:

First priority will be given to those applicants that are nearest to completion of he or she's degree/qualified certificate program of study. Second priority will be given to those applicants that have completed or are not required to complete remediation courses. Third priority will be given to those applicants who are enrolled/admitted to a degree/qualified certificate program of study that has been identified as a workforce critical-needs program. If further prioritization is required, applicants will be ranked based on the applicant's college cumulative grade point average (GPA).

**The Arkansas Department of Higher Education shall notify each eligible applicant of his/her award. The award notice includes the student's name, address, social security number, the actual amount the student is eligible to receive, and the student's first institutional choice as**

### I. Limits of Payment

#### A. Payment of Scholarships

The Arkansas Department of Higher Education shall disburse scholarship to the approved institution of the student's choice. The Arkansas Department of Higher Education shall send funds to the institution via electronic funds transfer or state warrant. After verification of full-time enrollment, the institution will disburse the scholarship to the student according to the institution's disbursement procedures. The scholarship payment will correspond to academic terms, semesters, quarters, or equivalent time periods at the eligible institution. In no instance may the entire amount of the scholarship disbursement for an educational year be paid to or on behalf of such student in advance.

#### B. Transfer of Scholarships to Another Approved Institution

A recipient who has received an Academic Challenge Scholarship may transfer the scholarship to another approved Arkansas institution of higher education, provided that:

1. The student notifies the Arkansas Department of Higher Education of the change of status by October 1 for the fall term and by February 1 for the winter and/or spring terms;
2. The student submits a transcript to ADHE, which certifies that the student has maintained both a 2.5 GPA, and full-time or part-time status at the institution the student is leaving; and

2. A personal or family emergency;

5. Any other reason approved by the Arkansas Department of Higher Education

The recipient must submit a written petition for withdrawal. The petition shall give the reason for withdrawal and be supported by documentation. In the absence of extraordinary circumstances, the award will be revoked if the recipient fails to enroll full-time in an eligible institution in Arkansas, and the Arkansas Department of Higher Education receives neither written notification of transfer of the scholarship to another eligible institution, nor a petition for withdrawal by the recipient by October 1 for the fall term and February 1 for the winter and/or spring terms. At the discretion of the Department of Higher Education, the award will not be revoked if it is determined by ADHE that extraordinary circumstances prevented the student from notifying ADHE by the required dates.

D. Renewal of Scholarship

A recipient who meets the continuing eligibility requirements shall receive the scholarship for one (1) academic year renewable annually until the recipient first:

1. Earns a baccalaureate degree;
2. (A) Attempts a transcript total of one hundred thirty (130) semester hours in eight (8) semesters at any approved institution as an undergraduate full-time student or attempts a transcript total of one hundred thirty (130) semester hours in not more than sixteen (16) semesters as an undergraduate part-time student.  
(B) If the recipient's undergraduate degree requires additional hours, the Department of Higher Education, in conjunction with the approved institution where the recipient is enrolled, shall determine the maximum period of time for renewal of the scholarship.

Those recipients who are set to graduate with their bachelor's degree at the end of their current semester of funding shall be exempt from the fifteen (15) credit hour requirement for full-time students or six (6) credit hour requirement for part-time students.

A student may not use these funds for educational purposes beyond the baccalaureate degree.

**E. Cancellation of the Scholarship****1. The award will be terminated for any of the following reasons:**

- a) **Failure to maintain continued eligibility requirements; or**

- e) **Incarceration and/or violation of the drug-free pledge.**

**2. The recipient is responsible for notifying the Arkansas Department of Higher Education of any change in status (i.e. transfer to another eligible institution in Arkansas, change in name, etc.) before appropriate deadline dates. Failure to provide notification may result in the cancellation of the scholarship for that term.****F. Military Service**

**Recipients who are members of the Arkansas National Guard or Armed Forces Reserve units who are called to active duty for reasons other than regular unit training and are unable to complete the current term will be allowed to repeat the missed term without loss of scholarship credit. In addition, they will be placed in deferred status until six months after release from active duty, at which time they must be re-enrolled in an approved institution.**

**G. Repayment of Scholarships**

**If the recipient of a scholarship withdraws, drops out, or is expelled on or after the first day of class of a payment period, the institution will determine whether the student received an overpayment of financial aid funds for noninstitutional expenses. Overpayment is the difference between the amount received as**

cash disbursements and the amount incurred for non-institutional costs during the portion of the payment period that the student was actually enrolled. It is the institution's responsibility to contact students and recover overpayments.

#### H. Refunds

The Arkansas Academic Challenge Scholarship Program is entitled to a refund of the scholarship or loan amount, for that semester, if the recipient of a scholarship or loan withdraws, drops out, or is expelled on or after his or her first day of class of the payment period and the situation falls under the refund policy of the institution. The institution shall pay the refund to the Arkansas Department of Higher Education.

#### I. Overpayment

If the award of an Arkansas Academic Challenge Scholarship results in an overpayment to the student according to the state law governing the anti-stacking of scholarships, the institution shall follow the ADHE policy in reducing the student's financial package to prevent the student from receiving funds above the federally recognized cost of attendance.

### RULE 5 – INSTITUTIONAL RESPONSIBILITIES

---

#### I. College/University Responsibilities

The chief executive officer of the eligible institution is responsible for appointing one representative from the financial aid office to act as administrator of the Arkansas Academic Challenge Scholarship Program and to receive all communications, forms, etc. This representative is responsible for verification, data and compliance with all program rules and regulations. The certifying official is responsible for completing the verification rosters each semester or trimester. The electronic Verification Rosters shall be returned to the Arkansas Department of Higher Education by November 1 for the fall term and by March 15 for the spring term. The Arkansas Department of Higher Education shall also provide electronic continuing eligibility rosters to the Financial Aid Administrator before the end of the spring term. The continuing eligibility rosters shall be returned to the Arkansas Department of Higher Education no later than June 1 to ensure that adequate time is provided to notify students of their status in the program.

D. Deadlines for Disbursement of Funds

The deadline for disbursement of funds is no later than 10 days after receipt of funds. Any outstanding funds not disbursed by these dates must be returned to the Arkansas Department of Higher Education. For those students whose applications are received by ADHE too late to allow disbursement by these dates, disbursement will be made within 10 working days of receipt of the verification roster and electronic transfer of funds.

E. Due Diligence

The institution will exercise due diligence in providing complete, accurate, and timely information as requested by the Arkansas Department of Higher Education on any Arkansas Academic Challenge Scholarship recipient or former recipient. In addition, the institution will exercise due diligence in complying with all the rules and regulations of the Arkansas Academic Challenge Scholarship Program. # Response to Public Comments

Public Comment Adjustments:

1 & 2. See the attached chart containing comments to the Proposed Arkansas Academic Scholarship Program Part I (Nontraditional) Rules and Regulations. The criteria for determining eligibility on the basis of financial need in the prioritization process for nontraditional students should be removed as the legislature intentionally did not make financial need a consideration for scholarship eligibility.

Comment: This seems to be more complex than necessary and contrary to the legislative intent

Resolution: The prioritization method was developed to give equal allocation to each "non-traditional" student type. Recommend eliminating the financial need prioritization component. (Rules Pages 43-45; Rule 3 – Section IV) ✓

3. "Incarceration" should be defined in the rules, with respect to incarceration making a student ineligible for the scholarship.

Resolution: Recommend revising the definition section of the rules to include the following, "Incarceration: Confinement in a jail or prison; imprisonment. Incarceration will result in ineligibility for the Academic Challenge Scholarship." (Rules Page 37 & 54, Definitions Section ✓

4. How the Department of Higher Education will determine and enforce the disqualifiers for eligibility such as incarceration and the drug-free pledge should be set out in the rules.

Resolution: Recommend revising the cancellation section of the rules to include "incarceration and/or violation of the drug-free pledge" to the list of reasons that will result in cancellation of the scholarship. (Rules page 32 & 49, Rule 4 – Section E) ✓

ADHE will investigate any report of a scholarship recipient's violation of the drug free pledge. If the report is found to be accurate, the student will lose the scholarship.

5. The students who are currently in college should be taken out of the "earn-in" category in the rules for nontraditional students and a new category of "current achievers" created, at least until the "current achievers" complete their degrees.

Resolution: No change recommended. The current "Earn-in" category is the "current achiever" student population by definition.

6. A.C.A. § 6-85-215 - The law requires – using "shall" -- the student to sign the consent form authorizing the release of information, but gives the student an opportunity to opt out. The rule says the department will request the student to sign the form opting in or opting out and noncompliance only results in a default-opt-out.

Resolution: No change recommended. ADHE staff interprets the law to require students to sign the consent form to opt-in, not opt-out. The law states the student "shall complete and sign a consent form authorizing the release of the student's individual personal information." The law further states the student "may opt out of the release of information." The language in the law does not require completion of a form to opt-out.

7. A student could graduate from summer school in 2009 and be eligible. There is also a chance that a May 2009 graduate could meet the criteria. You might want to change the December 31, 2009 date.

Resolution: No change recommended. A.C.A. § 6-85-106 (S)(A)(ii) includes the eligibility requirements for Academic Challenge Part 1. Students that graduated from an Arkansas high school on or before December 31, 2009 are part of Academic Challenge Part 1; therefore, implying that students graduating after December 31, 2009 will be subject to the Academic Challenge Part 2 requirements.

8. I continue to believe that the first priority when there is a shortfall is the Higher Ed grant fund and it should be stated at all times when appropriate in the rules.

Resolution: No change recommended. ADHE is required by law to use Higher Education Grant fund to fund the shortfall. This is an internal budgeting process and not included in the rules.

9. Is there any reason to wait until 2011 to change the provision that states that "the recipient may regain eligibility one (1) time only?"

Resolution: No change recommended. The continued eligibility included in rules is aligned with language in the legislation.

10. A.C.A. § 6-85-206 (1)(C) defines part-time student and thereby raises the question of legislative intent for traditional part-time student.

Resolution: No change recommended. Legislation states that traditional student must be full-time in A.C.A. § 6-85-204 (17)

11. This leaves out part-time students by the statement that "Students who are enrolled less than full-time in the current term have not received scholarship benefits in that term".

Resolution: Recommend revising rules accordingly by adding "part-time".  
(Rules page 50, Rule 5 – Section C)

12. You might consider requiring the institution to "exercise due diligence in providing complete, accurate, and timely information" to the Bureau of Legislative Research also.

Resolution: No change recommended. This requirement is addressed in the legislation in A.C.A. § 6-85-216 and is not related to the Academic Challenge Scholarship

13. Change "and" to "an" on line 1 of the definition of an Arkansas as resident

Resolution: Recommend revising rules to correct grammar error. (Rule Page 19, 36 & 52, Definitions section) ✓

1           SECTION 4. Arkansas Code Title 6 is amended to add an additional  
2 chapter to read as follows:

3   CHAPTER 85

4   ARKANSAS ACADEMIC CHALLENGE SCHOLARSHIP PROGRAM

5  
6   SUBCHAPTER 1

7   ARKANSAS ACADEMIC CHALLENGE SCHOLARSHIP PROGRAM – PART 1

8  
9           6-85-101. Legislative findings and declarations of public necessity.

10           The General Assembly hereby recognizes that taking the proper  
11 coursework in high school is essential for success in college. Arkansas high  
12 school students who complete the recommended precollegiate or technical  
13 preparation core curriculum score significantly higher on standardized  
14 preadmission tests and are more likely to be successful in college. Because  
15 the State of Arkansas also benefits from the academic success of well-  
16 prepared college students, there is hereby established the Arkansas Academic  
17 Challenge Scholarship Program, a college scholarship plan to promote academic  
18 achievement and encourage academically prepared Arkansas high school  
19 graduates to enroll in the state's colleges and universities and to encourage  
20 students to enter the field of teaching for the purpose of teaching in  
21 subject matter areas of critical teacher shortage or in geographical areas of  
22 critical teacher shortage in the state.

23  
24           6-85-102. Creation.

1 the date of high school graduation in which to make up any course

27 determined by the department, based on the most recent evaluation of the

27                   (c)(1) The Arkansas Higher Education Coordinating Board shall have the
