Dear Sir,

I would like to thank you for the opportunity to serve you and the citizens of Pulaski County. After long and careful thought I am tendering my resignation as the Coroner. When I was appointed as coroner, it was my goal that whenever it came time to leave the office, I wanted to leave it in a much better position than I inherited.

My future plans include focusing on my family and my health, along with a continuing as a consult in Mass Fatality Specialist and Death Services Instructor and Specialist.

I do appreciate the opportunity you afforded me to serve.
