victim's scrotum bitten by animal organs consumed by the animal

**Narrative & Statements**

**Narrative - Hooton, Justin - 7/29/2013 (Initial)**

On Monday, July 29th, 2013 at approximately 0745, I was contacted via radio by Patrolman Clint Ward. Patrolman Ward asked me to come to **\*\*MASKED\*\*** in reference to a dog bite. I arrived on scene and spoke with Mr. **\*\*MASKED\*\***. Mr. **\*\*MASKED\*\*** stated that he is paralyzed and has no feeling from the waist down. He stated that he was awoken by a "burning" pain in his mid-section. He stated that he sleeps in the nude and he noticed that his dog was between his legs. He also noticed that the dog had blood on it's muzzle and front feet. He investigated further and noticed that the dog had eaten one of his testicles. He stated that the dog was a stray and that he had been taking care of it for approximately three weeks and that he was unsure if the dog had been vaccinated. Trumann EMS was called to the scene to treat Mr. **\*\*MASKED\*\***.

I took custody of the small, white, fluffy dog. Pursuant to state law, the dog was quarantined until I could get it to the Trumann Animal Clinic to be euthanized. After euthanization, The dog's head was sent to the Arkansas Department of Health to be tested for rabies.

**Narrative - Ward, Clint - 7/29/2013 9:20:00 AM (Initial)**

On Monday 7-29-13 at approximately 0740 I was dispatched to **\*\*MASKED\*\*** in reference to a dog bite. I made contact with the complainant, **\*\*MASKED\*\***. Mr. **\*\*MASKED\*\*** stated that he had taken custody of a stray dog within the last 3 weeks. The dog was a small dog with a white fluffy coat. According to Mr. **\*\*MASKED\*\***, the animal had been completely docile while it has been in his home. Mr. **\*\*MASKED\*\*** suffers from partial paralysis to his lower extremities and has no feeling from the waist down. This morning he awoke and discovered that his dog had bit him in the scrotum area and possibly bit off one of his testicles. The dog had consumed the tissue after biting it from Mr. **\*\*MASKED\*\*** lower body.

The Trumann EMS arrived at the scene and transported Mr. **\*\*MASKED\*\*** to St. Bernard's hospital to be treated for his injuries. Corporal Justin Hooton was notified of the incident; he arrived a short time later and took possession of the dog for quarantine purposes. No further at this time.
