TRAILS GUIDE

SCULL CREEK TRAIL BACKBONE OF THE CITY'S TRAIL SYSTEM

No trail in the city has as important a role as Scull Creek Trail. Running north and south through the heart of the city, this 3.93-mile trail serves as a connecting point for many of the city's other trails, both existing and planned. And, connecting it to north Fayetteville's Mud Creek Trail creates a continuous 7.6-mile trail stretching through the city, connecting to Lake Fayetteville.

Welcoming walkers, bikers and runners is a 12-foot wide paved surface. And, although it roughly follows the path of Scull Creek, the trail actually crosses the creek at six locations, each time over an arching, weathering-steel, pedestrian bridge. Mature trees and extensive lighting line the trail while a 650-foot long tunnel offers the longest pedestrian tunnel in the state.

Scull Creek is part of an extensive trails system through the city created by the Fayetteville Alternative Transportation and Trail (FATT) Master Plan. Trails are being added at the rate of about two to three miles per year and will eventually create a 100-mile connected system throughout Fayetteville.

TIPS FOR TRAIL SAFETY & ETIQUETTE

- Stay to the right
- Watch and listen for others
- Pass slower traffic with care and give warning
- Trail speed limit is 15 mph
- Wear a helmet when cycling
- Do not leave litter on trails
- Keep pets on a leash
- Pick up pet waste

GET INTO THE OUTDOORS.

With its breathtaking scenery and numerous walking, jogging and biking trails, Fayetteville makes an ideal spot for discovering the great outdoors. Wherever you go, you'll enjoy beautiful surroundings.

You can also see world-class athletes in action. That's because Fayetteville is home to the University of Arkansas, nationally known for cross-country and track and field. The outstanding successes of these programs have earned Fayetteville the title of "track capital of the world."

So whether you're a dedicated runner ready to hit the road or a nature lover just looking for a reason to get outside, you'll find dozens of opportunity right here in the majestic Ozark Mountains.
