August 5, 2021

CITY OF LITTLE ROCK, ARKANSAS

Office of the Mayor

EXECUTIVE ORDER TO CLARIFY THE PROVISIONS OF DECLARATION OF LOCAL DISASTER EMERGENCY 21-01 ISSUED ON MARCH 31, 2021, AS TO THE USE OF FACE COVERINGS WITHIN THE CITY OF LITTLE ROCK, ARKANSAS.

I, Frank Scott, Jr., duly elected and serving Mayor of the City of Little Rock, Arkansas, and the chief executive officer of the City, having issued Declaration of Local Disaster Emergency 21-01 on March 31, 2021 -- which shall remain in effect until August 31, 2021, pursuant to the provisions of Little Rock, Ark., Resolution No. 15,455 (April 20, 2021) -- as a result of the previously declared COVID-19 pandemic, and in light of a second and third surge of COVID-19 infections due to variants of the virus, state:

WHEREAS, central Arkansas in general, and Pulaski County, Arkansas, in particular, have been rated as being high in community transmission of COVID-19, especially the Delta variant of the virus which, among other things, is proving to be more easily transmitted than other aspects of the virus; and,

WHEREAS, in just the last seven days this area has seen an increase of 1612 new cases of the virus which equates to a 28.14% increase; and,

WHEREAS, the Alpha, Beta, Delta and Gamma, variants -- identified by the Center for Disease Control as Variants of Concern -- have been identified within the United States, including Region VI which includes Pulaski County; and,

WHEREAS, it is essential that citizens of the City of Little Rock, Arkansas, get vaccinated as they are able to do so, and exercise social distancing including the use of face coverings, in order to decrease the number of new cases of persons with the virus;

I, Mayor Frank Scott, Jr., declare the following for the City of Little Rock, Arkansas:

Section 1. Nothing in this Declaration of Local Disaster Emergency shall be utilized to interfere with commerce.

Section 2. From this date until the expiration of this Declaration of Disaster Emergency 21-01 on August 31, 2021, the City of Little Rock, Arkansas strongly endorses the following provisions as to face coverings.

Section 3. These provisions include the following:

REQUIREMENTS FOR WEARING FACE COVERINGS

3.01 All persons who come to a facility of the City of Little Rock, Arkansas, or who are on property that is under the control and ownership of the City of Little Rock, Arkansas, shall wear a face covering.

Section 4.

WEARING FACE COVERINGS.

4.01 All members of the public, except as specifically exempted herein, are exhorted to wear a Face Covering outside their home or other place they reside in the following specific situations:

- 1) When they are inside of, or in line to enter, any Essential Business including, but not limited to, grocery stores, convenience stores, supermarkets, and laundromats;
- 2) When they are inside of, or in line to enter, any Non-Essential Business, as defined in this declaration;
- 3) When they are at the entrance to and inside elevators in all public and private buildings;
- 4) When they are engaged in Essential Infrastructure work;
- 5) When they are waiting for or riding on public transportation (including without limitation any bus, taxi, private car service, or ride-sharing vehicle);

6) Each driver or operator of any public transportation, taxi, or private car service or ride-sharing vehicle must wear a Face Covering while driving or operating such vehicle, regardless of whether a member of the public is in the vehicle, due to the need to reduce the spread of respirator droplets in the vehicle at all times;

7) All Essential Businesses, Non-Essential Businesses, as well as entities and organizations with workers engaged in Essential Infrastructure work, or Essential Government Functions (except for Healthcare Operations, which are subject to their own regulation regarding specified face coverings), should:

a) Require their employees, contractors, owners, and volunteers to wear a Face Covering at the workplace and when performing work off-site any time the employee, contractor, owner, or volunteer is:

i. interacting in person with any member of the public;

ii. working in any space visited by members of the public, such as by way of example and without limitation, reception areas, grocery store or pharmacy aisles, service counters, public restrooms, cashier and checkout areas, waiting rooms, service areas, and other spaces used to interact with the public, regardless of whether anyone from the public is present at the time;

iii. in any room or enclosed area when other people (except for members of the person's own household or residence) are present;

iv. take reasonable measures, such as posting signs, to remind their customers and the public of the requirement that they wear a Face Covering while inside of or waiting in line to enter the business, facility, or location. Essential Businesses and entities or organizations that engaged in Essential Infrastructure work must take all reasonable steps to prohibit any member of the public who is not wearing a Face Covering from entering and must not serve that person if those efforts are unsuccessful.

Section 5.

EXEMPTIONS FROM REQUIREMENTS FOR WEARING FACE COVERINGS

5.01 A Face Covering is strongly encouraged even when a person is not in any of the specific situations identified in Section 4.

5.02 A Face Covering is not suggested when a person is in a personal office (a single room) when others outside of that person's household are not present as long as the public does not regularly visit the room. By way of example and without limitation, a construction worker, plumber, bank manager, accountant, or bike repair person is not required to wear a Face Covering if that individual is alone and in a space not regularly visited by the public, but that individual must put on a Face Covering when co-workers are nearby, when being visited by a client/customer, and anywhere members of the public or other co-workers are regularly present.

5.03 Any child aged two years or less must not wear a Face Covering because of the risk of suffocation. This declaration does not require any child aged twelve years or less wear a Face Covering. Parents and caregivers must supervise use of Face Coverings by children to avoid misuse. It is strongly recommended that children between 2 and 12 years of age, wear face coverings at all times in settings like grocery stores or pharmacies, where it is likely that physical distancing of at least six (6) feet from other individuals outside their household unit cannot be maintained, and vulnerable people must go. Because children between the ages of 2 and 12 years of age can have challenges wearing face coverings properly (e.g., excessively touching the face covering, not changing the face covering if visibly soiled, risk of strangulation or suffocation, etc.), we urge that they be worn with the assistance and close supervision of an adult. Face coverings should never be worn by children when sleeping.

5.04 This Emergency Declaration does not require any person to wear a Face Covering while driving in a motor vehicle, in a private business open to the public, or as otherwise mandated by the Governor of the State of Arkansas or the Secretary of Health.

5.05 This Emergency Declaration does not require a Face Covering be worn by a particular individual if the person can show either: (1) a medical professional has advised that wearing a Face Covering may pose a risk to the person wearing the mask for health-related reasons; or (2) wearing a Face Covering would create a risk to the person related to their work as determined by local, state, or federal regulators or workplace safety guidelines; or because the person suffers from a Medical Condition that prevents that person from wearing a Face Covering.

5.06 A Face Covering should also not be used by anyone who has trouble breathing or is unconscious, incapacitated, or otherwise unable to remove the Face Covering without assistance.

5.07 A Face Covering should not be used by someone entering into a state or national banking facility where the usage of such a mask is believed by the operators or managers of the bank potentially to accommodate a threat of criminal activity.

5.08 All staff of restaurant or eating businesses who come in contact with patrons should wear Face Coverings that completely cover their nose and mouth. Also, all patrons must wear a face covering upon entrance and while in the restaurant or bar until food or drink is served.

5.09 All barbers, stylists, employees should wear Face Coverings at all times, and all clients shall wear face coverings as services permit.

5.10 All staff of a gym, fitness center, athletic club, or weight room, should wear Face Coverings at all times. All patrons should wear Face Coverings except when actively exercising.
