Re: *CGI Digital Contract with City of Chattanooga*

Dear Ms. Rongo:

This letter is formal notification that the City of Chattanooga is cancelling the agreement between CGI Digital and the City signed on April 1, 2022, effective immediately.

During the last several days, the City has been made aware of conduct by representatives of CGI Digital that is concerning. These representatives misrepresented the relationship between the City and CGI Digital as leverage and inducement to third parties to contract with CGI Digital. The City alleges this conduct has damaged its reputation and character.

Therefore, the City demands you stop creating and developing any further videos for the City related to the agreement signed on April 1, 2022. It also demands, pursuant to T.C. A. 6-54-137, that CGI Digital cease and desist from any use or reference to the City's name, likeness or image in any future video.

Should you have any questions, feel free to contact me.

Sincerely,

PHILLIP A. NOBLETT
City Attorney
