

ATTACHMENT A

On Monday January 7, 2008 around 9:09pm I observed a tan Chevy Tahoe traveling south bound on I-75, The vehicle failed to maintain its lane of travel by crossing the solid white line on the right hand shoulder of the road four times in my presence, The vehicle also crossed the center line two times in my presence. When I ran the registration it returned to a 2002 Tahoe grey in color. I made a traffic stop 25mp , The vehicle was occupied by the driver only who produced a GA DL with the name Demond Cornelious White on it, While speaking with Mr. White he stated that he had the wrong registration on the vehicle because he had just traded cars, Mr. White while he was still inside the vehicle I could smell a strong odor of alcohol coming from inside the vehicle. While taking enforcement action with Mr. White I asked if there was anything illegal inside of the vehicle, I then asked for consent to search his vehicle Mr. White denied, Agent Matt Bales then deployed his K-9 Quintin to do a exterior sniff of the vehicle K-9 Quintin alerted to the rear cargo door to the odor of illegal narcotics. While searching the vehicle I located a trash bag in the cargo area that contained a Marshall's bag and inside the Marshall's bag I located 42 bundles of U.S. Currency and each bundles was secured with a rubber band . I also located a GLOCK 9mm pistol with a loaded 30 round magazine inside of it, Also a open bottle of Hennessy in the back seat with the GLOCK. Mr. White was transported to the Drug Task Force office. A count of the U. S. Currency showed the amount to be \$47,480.00 and is believed to be the proceeds of illegal narcotic sales Mr. White refused to sign his seizure notification for the currency. He was charged with Carrying a weapon with intent to armed.
