Shortly after the start of the 2014-2015 school year, the Board of Education and Mr. McDaniel became aware that they had differing opinions regarding how Mr. McDaniel's administration should operate the Bradley County Schools. After discussing these differing opinions with Board members, Mr. McDaniel suggested that it would be in the best interest of the Bradley County Schools to buy out the remaining months of Mr. McDaniel's contract.

Counsel for the Bradley County Board of Education has prepared a buyout proposal based upon the terms of Mr. McDaniel's contract and will present this proposal to the Board on February 24<sup>th</sup>.

Mr. McDaniel appreciates having had the opportunity to serve the Bradley County School System as the principal of Bradley Central High School and as the Director of Bradley County Schools. He wishes the Board of Education, its administrators and its faculty well as they continue to provide an excellent education to the children of Bradley County. He also hopes that the citizens and residents of Bradley County will continue to support their fine school system and the officials who have the difficult task of operating it.
