Re: Recusal Order and Order for Assistance

Dear Mr. Cook:

Enclosed please find copies of two orders entered and filed today.

One is a permanent recusal by Judge House and myself from hearing any matters that are represented by you or any member of your firm. The other authorizes State Court Judge Ron Goulart to handle all matters except full blown hearings, until such time as the Governor replaces Judge Jon B. Wood.

I am in receipt of your third party message that if I do not submit to your daughter's supposed authority, there will be "a blood bath". Quite frankly, this is much more clumsy and direct than the punishment you inflicted on me for helping the FBI investigate your client and family friend, Ronnie Bowman while I was District Attorney.

Sincerely,

Ralph Van Pelt, Jr.
