RE: Resignation

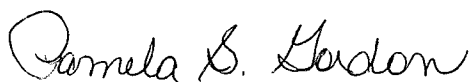

Dr. Jackson and Dr. Keys,

Please accept this letter as formal notification of my resignation from Erlanger employment, effective Friday, July 12th, 2019. I appreciate the opportunity to come to Chattanooga as your VP of Patient Safety and Quality, but I can no longer in good faith and conscience remain in my role. [REDACTED]

[REDACTED] this has caused me health issues and many sleepless nights. I am leaving employment to seek other opportunities that better align my professional passion and skillset.

I wish Erlanger the best. So many compassionate, wonderful people work extremely hard every day to make a difference for their patients.

Best,

Pamela S. Gordon, MBA, CPHQ, FACHE
