

I, \_\_\_\_\_, understand that I am voluntarily joining an organization (Collegedale Police Department) that is para-military in its very nature, and as part of our Nation's domestic defense force where I am given orders to follow and I may also be tasked with giving orders as well from time to time.

I accept and agree to the fact that I am to receive and follow orders and directives perhaps on a daily basis regardless of my generational beliefs and values as this is simply part of the job I am applying for and desire and/or hold.

I understand I am part of a uniformed chain-of-command and that I work for and report to the City Manager, Chief of Police, and the remaining supervisory rank structure of the City of Collegedale Police Department.

I agree to these terms of employment of my own free will and understand I am bound in the performance of my duties regarding them as I accept and maintain my employment with the Collegedale Police Department.
