

# THERE'S A PROBLEM WITH OUR ASSESSOR OF PROPERTY.

As you might have heard in the local news or social media, Marty Haynes misused his office to greatly lower the tax assessment for his *private* golf club while raising it on others.

Instead of going outside the Assessor's office for the valuation, which would have appeared more ethical, he had an employee inside the office do it for him. This raised eye brows.

Besides not producing any documentation to back-up his lowered valuation, the lame excuse he gave for lowering the taxes on his golf club - "it's in a flood zone." Real estate professionals are saying that answer doesn't hold water. It damages the credibility of the Assessor's Office to where property owners can't trust if they will be treated fairly - *unless they're Marty's friend.*

Paid for by the Committee to Elect Randy Fairbanks, Lauren Preston, Treasurer.

## BUT, THERE IS A SOLUTION TO THE PROBLEM OF MARTY HAYNES...

# RANDY FAIRBANKS IS THE SOLUTION. PROFESSIONALISM AND INTEGRITY.

*"If people can't trust their Assessor, then they feel they won't be treated fairly. I will work to restore trust and credibility in our Assessor's office."  
- Randy Fairbanks*

## RANDY FAIRBANKS ASSESSOR OF PROPERTY

### COMMUNITY INVOLVEMENT

For 30 years Randy has been active with the Soddy Daisy Kids Club where he has served as a coach and referee. For more than 40 years he has officiated TSSAA High School football and is a past member of the Hamilton County Health and Education Development Board, where he served for 15 years. Randy also served as president of the Falling Water Elementary PTA for two terms and was a member of the Chattanooga Leadership for Young Professionals. Randy also enjoys volunteering for the Food Drive at East Brainerd Church of Christ to help those who are in need.

### "TRUE" PROFESSIONALISM AND BUSINESS EXPERIENCE

Professionalism is what is truly needed in our Assessor of Property - and Randy brings this. As a CPA for 32 years, people have trusted Randy with the accounting and financial management of their businesses. His colleagues on the Hamilton County Commission have trusted Randy as Chairman for a second term due to his leadership skills and his ability to be fair.

### A DEDICATED PUBLIC SERVANT

The good people of District 1 (Falling Water, Bakewell, Soddy Daisy, Sale Creek and Northwood) entrusted Randy to serve as their voice on the Hamilton County Commission in 2014. Now in his second term, he is serving his second term as Commission Chairman. He previously served two terms as Vice-Chairman and currently serves on the Executive Board of the Chattanooga Area Convention and Visitors Bureau. During his tenure on the County Commission, Randy has been recognized as a "strong education advocate" for building a strong and effective public school system. He's earned a reputation as a fierce protector of public taxes and always fighting for more government transparency - something that will serve the people well as our next Assessor.

### FAMILY

Nothing matters more than family. Randy has been married to his wife, Marty, for 39 years. His daughter, Megan, graduated from Chattanooga Christian School in 2005 and manages his CPA office. His daughter, Lauren, graduated from Soddy Daisy High School and went on to graduate from MTSU in 2012. He's also a proud grandfather of three. They attend Ministry Center in Hixson. Both Randy and Marty have been actively involved in the Republican Party for the past 25 years and are members of the Pachyderm Club.

REPUBLICAN PRIMARY ELECTION DAY: TUESDAY, MARCH 3, 2020  
EARLY VOTING: FEBRUARY 12TH THRU 25TH
